NEW! D&D for Neurodivergent Youth

6 – 10 Years

This series of D&D games is catered towards neurodivergent children and youth, primarily with Autism and ADHD. We set a stage for them to use their imagination while practicing social skills in a stable environment. Unlike typical D&D, we come to it with the goal of learning skills that some kids need more attention on. Social learning, perspective taking, self regulation, to name a few. Led by Lars Neilsen, Education Assistant with 7 years of experience with education including behaviour science.

NEW! Stopping GLP-1 Medications 40+ Years for Weight Loss – Now What?

If you're worried about coming off GLP-1s... For many, the weight loss benefits of GLP-1 medications are not enough to offset the constant nausea and other potential side effects. At the same time, the fear of rapid weight regain is real. This innovative workshop introduces conscious skills and capacities that support transitioning off GLP-1 medications — a way to still calm food preoccupation, emotional eating and binge behaviours. Ideal for people wanting to develop a more natural and lasting relationship with food beyond the medications.

NEW! Navigating Weight Loss 40+ Years on GLP-1 Medications

If you're currently on GLP-1s... This insightful workshop offers enhanced support for those choosing to include GLP-1 medications in their weight loss efforts. The medications affect appetite and digestion, leading to weight loss. However, reduced appetite doesn't equate to inner healing, and a smaller body doesn't equate to a deeper relationship with yourself. In fact, physical changes can amplify existing anxieties about food, body image, and identity. Ideal for those wanting to better navigate the emotional and psychological aspects of weight loss alongside the medications.

Adult Programs

Learn to Swim 14+ Years

Whether you are just starting out or want help with your strokes, swimming is for all ages. Beginners learn breath control, floating, jumping into deep water, flutter kick, basic whip kick, front crawl (10-15m), and back crawl (10-15m). Intermediates build on their swimming skills and develop their strokes to go further with more ease.

The advanced level refines your front crawl, back crawl, and breaststroke and encourages fitness training with a 300 m workout, spring challenges, and interval training.

Drop in Swim Lessons

Try swim lessons as a drop in participant. Do you want to try a lesson, cannot commit to a full set, or looking for extra practice time? Try this format. Book your class online ahead of time or in person at reception, then meet your instructor on deck. Report cards are not provided; but, depending on the level, student can receive an assessment at the end of one class. Following levels are offered in the drop-in format:

- Drop-in Parent Tot
 - Available for 0–2-year-olds during Jellyfish/ Goldfish classes. Spots are limited.
- Adult Drop-in
 - Spots available during the registered drop-in class time. Limited drop in spots available for each class.

DROP IN AQUATIC FITNESS - VIEW SCHEDULE

Aqua Fit

AquaFit classes are a fun and challenging workout with little to no impact on the joints. Classes are labeled as “shallow-focus” or “deep-focus” but are always designed for both water depths; moves are suitable for both or are modified.

Aqua Fit: Water Walking

A low-impact movement class aimed at increasing mobility, dexterity, and flexibility. Movements focus on proper posture and alignment through the available range of motion. This class is suitable for those with arthritis, osteoporosis, or pre/post-surgery.

Swim Fit 16+ Years

A drop-in swim workout focused on stroke correction, improving endurance, and developing skills. Great for those training for triathlons, open-water swimming, surfing, or former club swimmers coming back to their sport. Workouts are typically 2000m, and can be modified up or down based on ability. New swimmers are welcome daily, meet the other participants and coach on deck at the shallow end of the lap pool. Swimmers need a recognizable front crawl they can perform for a minimum of 50 m.

Sessions are taught by a dedicated group of coaches - Wendy Johnson and Hailey Tory.

Waitlisting

If you did not get a spot, please add yourself to the waiting list. Waitlists are prioritized for registration if a spot becomes available, and it helps us determine if we need to add more classes.

Are you new to registering for SEAPARC programs?

Please phone reception at 250.642.8000 or go online prior to the registration opening date to create your account.

Not sure which level to register for?

Contact reception to book a free swim assessment. Assessments are approximately 15 mins long. Swimmers perform a series of skills while an aquatic employee gages their ability and matches it to a level in the Lifesaving Swim for Life program.

Matching ability to the right level is important. Swimmers registered above their level can be unsafe and impact the learning of others. Swimmers registered above their level are withdrawn and can only be placed in a lower level if there is space.

PRIVATE SWIM LESSONS

One-to-one or small group instruction. Private swim lessons can accommodate up to 3 participants of similar ability at no additional charge. Swimmers need to use the same pool space and be within a 2-level range. The primary booker is responsible for coordinating participants, adding the other participants to the registration questionnaire, and paying the full amount at the time of registration. Lessons are 30 minutes long.

LAP POOL PRIVATE SWIM LESSONS:

Lap pool private lessons are held in the lap pool and are best for swimmers 6 years and older, including teens and adults.

LEISURE POOL PRIVATE SWIM LESSONS:

Leisure pool private lessons are held in the leisure pool which has warmer water and shallower depth than the lap pool. Lessons are best for swimmers 5 years and under, or first-time pre-school aged swimmers. Children aged 2 and under will require parental assistance in the water.

PARENT & TOT 4-36 MONTHS

1 - Jellyfish (4-12 Months)

Provides an orientation to water for infants and their parent/caregiver. Parents/caregivers learn how to swim safely with their infant in the pool through instruction of holds and supports. Infants are introduced to getting their face wet, blowing bubbles and floating with the help of their caregiver.

2 - Goldfish (12-24 Months)

Teaches toddlers how to play in the water safely! They learn how to enter and exit the water with help from their parent/caregiver and will play games to encourage them to get their face wet and blow bubbles in the water. Toddlers also develop floating and kicking skills with the support of their parent/caregiver.

3 - Seahorse (24-36 Months)

Teaches toddlers how to safely enter the water wearing a PFD. They develop underwater skills such as submersion and opening their eyes underwater. 'Starfish' floats, 'pencil' floats and kicking skills are taught using songs and games.

**For Parent & Tot levels, only one caregiver in the water with the swimmer.*

PRESCHOOL AGES 3-5 YEARS

Preschool 1 Octopus

Preschool 1 is a transitional level which transfers the preschooler to the care of the instructor. Preschoolers have fun learning to get in and out of the water. They learn how to put their face in the water, blow bubbles in the water, and how to float and glide.

Preschool 2 – Crab

Preschool 2 teaches preschoolers how to safely jump into chest-deep water and how to swim wearing a PFD. They learn submersion skills and continue to work on floats, glides, and kicking with buoyant objects.

Preschool 3 – Orca

Preschool 3 teaches preschoolers how to enter deep water safely wearing a PFD. They learn how to submerge and exhale underwater, retrieve objects underwater, and continue developing their floating, gliding and kicking skills.

Preschool 4 – Sea Lion

Preschool 4 teaches deep-water entries and treading water wearing a PFD. Preschoolers become skilled at retrieving objects from the bottom of the pool in chest-deep water and performing front and side glide. Front crawl wearing a PFD is also introduced.

Preschool 5 – Narwhal

Preschool 5 teaches Swim to Survive® skills wearing a PFD. Front crawl and back crawl are introduced as well as interval fitness training. Preschoolers also learn how to tread water and perform vertical whip kick with a buoyant aid. Once complete, preschoolers can register into Swimmer 2.

**PFD = Personal Floatation Device*

SWIMMERS 6-12 YEARS

Swimmer 1

These beginners become comfortable jumping into the water with and without a PFD. They learn how to open their eyes, exhale and hold their breath underwater. Floats, glides and kicking skills are introduced.

Swimmer 2

These swimmers jump into deeper water and learn to be comfortable falling sideways into the water wearing a PFD. They learn how to tread water, develop kicking skills, and are be introduced to front crawl and back crawl.

Swimmer 3

These swimmers learn how to dive and do in-water somersaults and handstands to develop weight-transfer skills. They learn Swim to Survive® skills, whip kick on their back and further develop their front crawl and back crawl.

Swimmer 4

These swimmers become better at diving, treading water, and swimming underwater. They learn the Swim to Survive® standard and start to develop breaststroke. Front crawl and back crawl are further developed.

Swimmer 5

These swimmers master dives and swimming in deep water. They further their Swim to Survive® skills and start to develop eggbeater kick. Breaststroke, front crawl, and back crawl are further developed. Interval training and sprinting drills continue to challenge these swimmers.

Swimmer 6

These swimmers become proficient at deep water skills including stride entries and compact jumps. They' develop lifesaving kicks such as eggbeater and scissor kick. Breaststroke, front crawl, and back crawl are further developed. Head-up swims, interval training and a 300m workout develop strength and endurance.

Swimmer 7/Rookie Patrol

Swimmers continue developing front crawl, back crawl and breaststroke. Swimmers develop individual fitness to meet a timed 100m swim and 350m workout. Water proficiency skills include swimming with clothes, ready position, and feet-first/ head-first surface dives are introduced. Demonstrating a primary assessment and calling EMS are included as first aid skills. Victim recognition and throwing assists are other key elements of the program.

Swimmer 8/Ranger Patrol

Ranger Patrol enhances capability in the water including stride entries and underwater, forward, and backward somersaults. Swimmers learn lifesaving sport skills with a lifesaving stroke medley, timed object support, and a non-contact rescue with a buoyant aid. Eggbeater kick and increased fitness levels are developed to meet a 200m timed swim. First aid focuses on unconscious victims and obstructed airway procedures.

Swimmer 9/Star Patrol

Star Patrol challenges swimmers with a 300m timed swim, 600m workout, and a 25m object carry. Strokes are refined. Lifesaving skills include use of rescue aids, defense methods, victim removals, and supporting a victim in shallow water. First aid items focus on treatment of bone or joint injuries and respiratory emergencies. Once complete, swimmers register into Bronze Star.
